HONEYWELL INTELLIGRATED ICAMPUS

eLearning Material

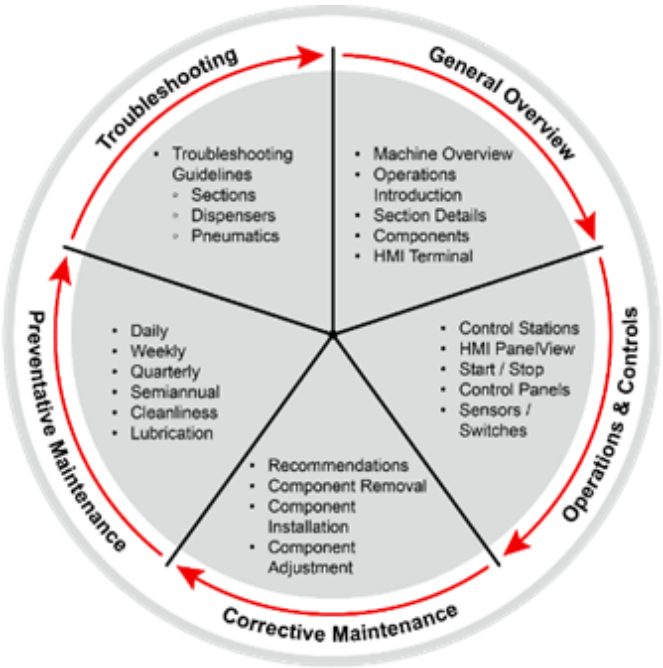

Honeywell Intelligrated's ICampus trains maintenance personnel the OEM recommended methods for maintaining the equipment. More than 1,200 available courses include Honeywell Intelligrated product-specific modules (500+), as well as safety (400+) and maintenance fundamentals (300+).

Created by OSHA-authorized and PMMI certified trainers, the courses promote maximum comprehension and retention and are an integral part of any learning strategy.

Conveyor & Sortation (300+)

Alvey Palletizer eLearning (40+)

Benefits

- **Boost Operational Efficiency:** ICampus training equips employees to quickly identify and fix maintenance issues, reducing downtime and increasing productivity.
- **Improve Equipment Lifespan:** Proper maintenance extends equipment life, cuts downtime, and boosts ROI through effective maintenance strategies.
- **Reduce Downtime:** Trained employees can perform preventive maintenance, spot issues early, and apply cost-effective solutions, minimizing costly repairs or replacements.
- **Enhance Workplace Safety:** Proper maintenance training ensures safe machinery handling, lowering the risk of workplace accidents and injuries.
- **Increase Employee Satisfaction and Retention:** Maintenance training shows commitment to growth, improving engagement and retention rates.

Controls

Machine Control

- BOSS 3
- InControlWare
- MC4
- PLC

Variable Frequency Drives

- Cutler Hammer
- Schneider Altivar
- AB PowerFlex

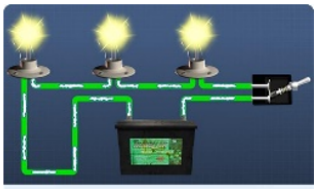

Networks

- Profibus
- DeviceNet
- ControlNet
- EthernetIP

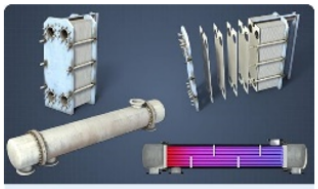

Systems

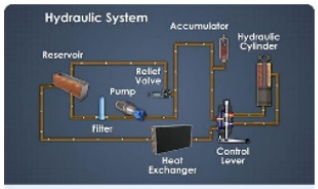

- WAGO
- OPTO22
- SNAP
- FLEX
- Advantys

Sample Industrial Maintenance Topics

Basic Electrical Theory

Controls - Variable Speed Drives

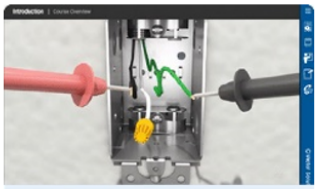

HVAC

Hydraulics

Electrical Circuits and Components

Electrical Maintenance Fundamentals

Lubrication

Mechanical Drives

Features & Testimonials

- Assessments and quizzes built into each module
- Training at student's own pace and schedule with courses that can be taken multiple times
- Video, animations, note taking, and dynamic text in modules create an interactive learning environment
- AICC Dispatch to tie into your Learning Management System
- Average course duration of 22 minutes to minimize time off the floor
- Supervisory tracking of personnel progress via accounts unique to each student

"This model has improved retention as well as performance on our teams from the new hires to our veterans with decades of experience."

"The iCampus team is always available and very helpful either to consult with us to improve the program or just to help answer questions."

"This program has far exceeded my expectations."
